I have spoken with them, and they are warm.
Our concerns of course is the potential conflict with ongoing litigation.

Please schedule the meeting.

Thanks Ed

Can I take that to mean that your attorneys have tentatively warmed to the idea, or are you just saying that you will block those dates while waiting from input from your attorneys?

Hopefully, the attorneys are continuing to make progress with DEC on the order.

Doug

I can tentatively commit to meeting on either June 16th or 22nd.
Let me know if there are specific talking points, and the location and time?

Thank You

Doug

I will get back to you post my discussion today with my legal team.
Will the Navy participate in these, or is it just NG?

Thank You
Ed

Hi Ed

As I mentioned we would like to have you participate in the quarterly meetings DEC and EPA are having with the water districts (MWD, SFWD, BWD). I realize that this is something that you will need to run by your counsel, but I was hoping you might be able to block a few dates on your calendar while this is being considered. FYI Richard Mach has indicated that he would participate, though I am also checking dates with him.

We have narrowed down a list of dates for the June meeting. Could you let me know whether, logistically, you could make a meeting here in NYC on June 22, 23 or 16 assuming you had clearance to do so?

Thanks and have a great weekend.

Doug
